

## Dear Pastors and Churches,

We arrived back to Hungary on November 9, safe and sound. Praise the Lord, all our luggage arrived, and nothing was damaged. In Chicago, we were surprised to be sent through without paying for some overweight bags. The lady just waved us through. It's wonderful how God provides!

Eszter did great on the flights! The stewardess was very kind and offered us seats with more legroom and room for a bassinet! Eszter slept there most of the way. We were back in Hungary less than twelve hours after we took off from Chicago. We are really praising the Lord for all the sweet memories we made with you. It was a blessing to be able to meet with you all. You were a real blessing and encouragement to us! The past two and half months really flew by. We spent some quality time with Elisabeth's family in the last two weeks of our stay. We visited 27 churches in 10 weeks and drove 8,000 miles! And that doesn't include some in Canada. It was great to experience real faith, as God always provided for our needs! Many things we did not even have to buy because God's people were there to give to us. Thank you for letting God use you in such a way. Even the minivan we drove was provided for us, so we did not have to rent a car.

It feels weird to be back, but it is good to be home. Our pastor says "a little support has started to come in, and they are praying that more will see the great need for some solid biblical couples to be supported that have a heart to get the truth of God's great salvation out. Support the labourers!"

We had our first church services since being back. Ildiko and Balazs came; it was wonderful that they did come as we start up again. Please pray that they will be faithful to all the services. Also please pray for Ildiko's health since she has epilepsy and other health issues as well.

This week we are planning on preparing for some much-needed renovations to the church building. The water heater I had installed just before we left blew up a few weeks ago and flooded the entire building. Not much was damaged. And nobody was electrocuted from the electrical outlets in the floor! The wall was ruined in several places, especially by the water heater. We wanted to redo that eventually anyway, but I guess it will be done sooner than we thought! The giant shipment of John/Romans we had finally gotten from customs also got wet, but as far as we can tell, not many were ruined. I found a good, new water heater online I bought for \$120 – a great deal! That is a need so there will be hot water available, so I had to buy that right away. We must repair the main room as soon as possible. We are thankful that not more than that happened.

We are also thankful for our kind friends and family who helped us in Biatorbágy while we were away! While we were gone, another young lady came to know Christ as her Savior! Pray for her to attend church and grow in the Lord. We plan on meeting with her very soon.

Thank you all for your prayers. Thank you to those of you who now partner with us in God's work in Hungary! And thank you to all of you for taking such good care of us while we were with you. God bless you!

In Christ, Jonatán and Elisabeth Andrásik

Isaiah 6:8 Also I heard the voice of the Lord, saying, Whom shall I send, and who will go for us? Then said I, Here am I; send me.
